BELL TO LEAVE COLORADO

THE ADJUTANT GENERAL WRITES VALEDICTORY

Defends Action in Fighting Striking Miners—Men Who Were Deported Returning to Cripple Creek.

Denver, Nov. 12.—Sherman Bell, adjutant general of Colorado, in referring to the defeat of Governor Peabody and the invitation to deported miners to return to Cripple Creek, announced that he intended to go to Mexico to take charge of a mine. He defended the action of the military in dealing with the labor troubles but denied hostility to labor.

General Bell said Governor Peabody had restored peace and order and predicted that if revolution ever begins in the United States it will have its origin at Cripple Creek, which he styled "the powder magazine of the nation."

Governor-elect Adams' assertion that Independence dynamiters would be in jail in twenty days was ridiculed by Bell. "Peace and prosperity have been restored in Colorado by Governor Peabody's course, whereas if he had temporized with the anarchistic elements, war would have been the consequence and Adams or no one else would have been able to settle it," said Bell.

Members of the Western federation of Miners, many of whom were deported, are returning to Cripple Creek, and some of the miners who renounced their allegiance to the federation in order to hold jobs, are recanting. Although bitter feeling exits it is improbable there will be anymore deportations, as the election of Adams as governor is admitted to be a protest against deportation methods.

"Citizenship won the day in Colorado," declared John Mitchell, president of the United Mine Workers of America. "With the people of the state it was a question of principle and humanity, and the people finally prevailed over the arorgant demands of capital and its tools."

Bulletins have been sent out by the Western federation, notifying their members it is safe to return to Cripple Creek, but they were warned to conduct themselves in such a manner that there can be no criticism.

PEABODY'S STATEMENT.

Denver, Nov. 12.—Governor Peabody to day issued a statement to the people of Colorado to the effect that he was reliably informed that fraud has been committed in some outside counties as well as in Denver. RUSSIA DISPLEASED

Popular Endorsement of Roosevelt Not Well Recieved.

St. Petersburg, Nov. 12.—The extent of the popular endorsement President Roosevelt has received is a matter of serious concern to day with government officers They show in conversation on the subject that they had hoped for at least a narrow majority. This, they hold, would have indicated that many Americans preferred that the state department should relax its attitude as regards America's commercial interests in China, including Manchuria.

Government influences are propagating the report that President Roosevelt is really a Jew named Rosenfeld, which explains his action in pressing for the removal of the obstacles that exist in the way of Jews visiting Russia.

GENERAL KUROKI DEAD.

Moscow, Nov. 13.—Nemirovich Danchenko, the Russian war correspondent of the Associated Press, telegraphing from Mukden, under to day's date, says the report of the death of General Kuroki is confirmed. According to his version, a splinter of a shell struck Kuroki, tearing out a portion of his breast and abdomen. He died Oct. 4 at Liao Yang and his body was sent to Japan.

"Alarming news has been received from Port Arthur," says Danchenko, "but the absence of reports during the last few days makes it evident that the movement of one of the other Russian armies will be dependent upon the course of events there.

NEW COUNTERFEIT.

Washington, Nov. 12.—Chief Wilkie of the secret service to day issued a notice regarding a new counterfeit $10 United States note (Buffalo note). It is of the series of 1901, bearing check letter D, plate number 171. While the general appearance is deceptive, the flimsy character of the paper and courseness of the silk threads, together with the fact that a period is used between "Washington" and "D. C." should enable the careful handler to easily determine its true character.

Montgomery, W. Va., Nov. 12.—Ed Jackson, who shot down Sheriff Daniels at Montgomery, Wednesday, appeared here to day to attend the funeral of his brother, who was killed by Policeman Elliott. Jackson was guarded by a mob of his friends, who were heavily armed. When it became known Jackson was in the city a posse attempted to secure him. Baltimore, Nov. 12.—The board of election supervisors of Baltimore city and twenty-two counties have made official reports on the election. The result indicates seven Democrats and one Republican elector are elected. Only one county is missing. It is reasonably certain the final count of votes will show little change.

WOMAN'S COSTLY PEEP.

New York, Nov. 12.—Miss Lillian Eppich could not forbear from taking a peep in the mirror in a Sixth avenue department store yesterday and while she was doing so a thief made away with her satchel containing $1,000. Miss Eppich was transferring the money, which belonged to Henry Rutt, her fiancee, from one bank to another. Passing the store she thought she would purchase a muff to match her gray squirrel stock. The muff was secured and in paying for it she exposed the money in the satchel. Then she stepped to a mirror to admire herself and the furs. When she stepped back the satchel was gone. Miss Eppich went into hysterics and her reason is despaired of. A man and woman at the fur counter suddenly disappeared about the same time as did the satchel.

HAVE HARD LUCK

Fifteen officers are now closely guarding the premises.

POVERTY IN JAPAN.

Hardships Endured by Some of the Soldiers' Wives and Families.

While poverty in Japan must be a thing of hardship and privation, as poverty is everywhere, yet the customs of the people and the friendliness of the climate combine to give it a certain grace and beauty which it quite lacks in Anglo-Saxon countries, says the New York Tribune.

The poorest houses in Japan compare favorably with those in New York—so say Europeans who have investigated—and, as even the best families own the scantiest of furniture, the absence of furnishings in the houses of the poor is not noted.

A room in and about Tokyo can be rented for as low as $1.25 a month, but $1.40 is an average rental. Five cents a day is about what this class of citizen counts on spending for the day's rations, but wages are so infinitesimal that thousands of families have difficulty in getting enough to eat. An Englishwoman living in Tokyo tells of an elderly couple of her acquaintance whose two sons have gone to the war. They have no resources. All they can earn in a month by making envelopes is about 75 cents. Many of the landlords, as an act of patriotism, reduced soldiers' rents by one-half at the beginning of the war, but their landlord was not of this type.

The sufferings of the men at the front can be imagined, perhaps, but how about the long privations of the ones who are left behind—the wives and little children, the old grandparents, the middle aged couples?

There is, for instance, one soldier's mother who is employed from 6 a. m. to 6 p. m. in making cake boxes. Her wages average about $1 a month. One deaf old woman, the mother of a soldier, lives in one of the $1.40 rooms, with a niece and her husband and child. The aunt is incapable of earning, and the niece earns only about 15 cents a day at her work, while the husband, who is a baker, earns only 5 or 10 cents a day. A wife, with one eight-year-old child and an infant, has been left entirely dependent on her father-in-law, whose earnings foot up to $4.50 a month. They have just enough to provide food, but nothing left over for clothes or to meet their monthly rent of 75 cents.

Some of the wives and mothers of the soldiers who conquered at the Yalu are making cigarettes for from half a cent to a cent and a half a day.

CHICAGO-MICHIGAN.

Ann Arbor, Nov. 12.—Chicago university to day gave the three-time western champion Michigan eleven the hardest battle the team coached by Yost ever fought. The final score was 22 to 12 in favor of Michigan. Both teams scored in each half, the Maroons making their first on Michigan since 1900. Chicago lost its star backfield early in the first half by injuries and throughout the remainder of the game Quarterback Eckersall's kicking and his brilliant runs constituted Chicago's entire effective offense. Michigan played out the game with but one substitute. Twelve thousand five hundred were present. Chicago won the toss and chose the east goal, securing the advantage of a twenty-mile wind to prolong Eckersall's punts.

MINNESOTA CLAIMS CHAMPIONSHIP

Minneapolis, Nov. 12.—On the strength of having defeated Wisconsin 28 to 0 to day Minnesota rooters are to night claiming the western foot ball championship for 1904. They admit that the claim to the title will probably be disputed, as it is based entirely on comparative scores, but maintain that having defeated Wisconsin by a score equal to that made by Michigan against the same eleven, Minnesota has as good claim to the title as any other western eleven can show to date.

The game played by Wisconsin to day was a disappointment to its supporters. Whatever hopes they had were dashed to the ground after the first five minutes of play.

NORTHWESTERN-ILLINOIS.

Chicago, Nov. 12.—By a score of 12 to 6 Northwestern university defeated the University of Illinois this afternoon. The teams were evenly matched and during the first half neither side scored. Early in the second half Blair, Johnson and Kafer for Northwestern carried the ball to the Illinois four-yard line and Johnson was sent around the right end for a touchdown. On Northwestern's kick-off Taylor, the Illinois quarterback, made a run of twenty-five yards and by a series of line plays Illinois advanced the ball to Northwestern's five-yard line, when Rothgeb was sent over for a touchdown. Mofyyhan kicked goal. Northwestern then took the ball and by directing mass plays through the Illinois line secured another touchdown a few minutes before time was called.

YALE-PRINCETON.

Princeton, Nov. 12.—Everything is blue in old Nassua to night. Yale to day administered the second defeat of the season to Princeton 12 to 0 in the presence of 30,000. The game does not deserve a niche in the hall of foot ball fame, though some brilliant individual playing was recorded. The field was slippery and Princeton's backs, reputed the fastest in the country, were unable to brace themselves for Yale's fierce attack. Yale used straight plays aimed at the center or tackle, only twice did she essay a quarterback run. Yale's goal was never really in danger. Twice Princeton had the ball on Yale's thirty-yard line. On both occasions with three yards to gain on a third down she endeavored to rush the ball, rather than risk a kick, and both times she was held.

In the second half Princeton really outplayed Yale and for a few minutes ripped the Yale line to pieces. Despite the desperateness and superiority of Princeton's play in this half she could not score and the game ended 12 to0 in favor of Yale.

Kansas City, Nov. 12.—The askell Indians defeated Nebraska university 11 to 6. The Nebraskans were clearly outplayed in the first half, both in offense and defense. A place kick by Bender, of Nebraska, from the 35 yard line was the only score made in that half.

EIGHT KILLED

Collision on Oregon Short Line Between Passenger and Freight Trains.

Salt Lake, Nov. 13. In a collision between passenger and freight trains on the Oregon Short Line near Azusa eight persons were killed and five injured. The dead include both engineers, both firemen, mail clerk, express messenger and two unknown passengers. Both engines were demolished, the mail and baggage cars telescoped and the day coach badly damaged. The wreck was the result of an error in a train order by a telegraph operator.

HAPPY REUNION.

"Miss Florence Denton, the 18-year-old girl who figured a few weeks ago in a whipping case, in which her foster-mother, Mrs. William Ball, was fined $10 and costs, has been found by a relative, who has given her a home.

"The girl's uncle, Samuel Ornellas, of Jacksonville, Ill., has been searching for her for the past five years and only heard of her through the publicity following the whipping case. The girl's mother is an invalid in a hospital in Peoria.

"Five years ago she intrusted her daughter and a little son to the care of other people and since then has been unable to get trace of them. The whereabouts of the boy are still unknown, but the uncle says he will continue the search until he finds him."

The above is taken from Saturday's St. Louis Republic. The young lady referred to is staying at the home of her uncle, Samuel Ornellas, on South East street, and the facts of the story are as follows:

Ten years ago Mrs. Denton, a sister of Mr. Ornellas, was thrown upon her own resources in this city, with an only daughter, Ida. Feeling that she would be unable to properly care for the child, she put her with a family in Alton by the name of Ball, upon the strongest representations that they were well-to-do people and after a three months' trial would adopt her and educate her as their own. The next year she went to Peoria, and has seen her daughter but once since—when she had been in Alton for about four years. She supposed that the child was happy and contented in her new home and did not desire to disturb the relations existing between her and her foster parents. The home was not a happy one, however, and the relations of the young lady with the family ended as stated. Miss Denton has been cared for since the trial by Mrs. Demuth, the police matron of Alton.

Mr. Ornellas has at times tried to determine the whereabouts of his niece, but heard that the family had moved to Texas and again that they were in Chicago, but never succeeded in locating them until last week, when two letters came inquiring for Miss Denton's relatives. Mr. and Mrs. Ornellas at once went to Alton and brought their niece to this city last Thursday. Her mother arrived from Peoria last evening and the meeting was indeed a happy one.

The story of there being a nephew also is pure fiction.

CLOTHIERS ARE BURNED OUT

STOCK OF BROWNING, KING & CO. DESTROYED

Panic Caused Among Occupants of Hotel Across the Street—Other Buildings Saved by Hard Work.

Chicago, Nov. 12.—The large five story stone building at the northeast corner of Madison street and Wabash avenue, occupied by Browning, King & Co., clothiers, burned to night. Loss, $200,000.

The direct cause of the fire is not known, but several explosions were heard before the flames were seen. The blaze spread through the building with much rapidity and by the time the fire department got to work there was small chance of saving the building or any of its contents. A panic was caused in the Continental hotel, across from the burning building. Smoke penetrated the hallways and the intense heat cracked the windows. The men and women in the hotel sought safety in flight, but the firemen prevented the spread of the flames to that building. The immense establishment of Montgomery Ward & Co. is separated from the building by a narrow alley and for a time the flames seriously threatened this structure, but they were finally held down to the Browning, King & Co. building.

A large portion of the south wall crashed down into Madison street at midnight, burying several hose trucks and engines. No person was injured.

All were arraigned before Commissioner Alder. Kozlowski's greatest anxiety seemed to be the welfare of his wife, should he be sent to the pen. The officers believe Kozlowski and Roskolski, his boarder, have been responsible for the large number of spurious quarters and nickels which have turned up in the Mill Creek valley in the past few months. A quantity of money, molds and metal was found during the raid.

RAILROAD NEWS NOTES

Chief Engineer Strain of the Wabash Here Saturday—Changes in Local Yards—Items of Local Interest.

Chief Engineer T. M. Strain, of the Wabash, was in the city yesterday. He came in on No. 3 and left on No. 23 for Meredosia on business connected with the Meredosia bridge, and returned to Decatur on No. 22. He had with him another set of plans for the re-arrangement of the Wabash tracks. The plan now is to put in two new tracks where the present freight depot stands, instead of leaving this space for loading. The main track will be straightened and the loading tracks will be at the east and west ends of the yards. This arrangement would necessitate the taking of all freight less than car loads through the freight house, instead of directly into the cars.

* * *

Trainmaster L. W. Karnes, of the Wabash, came in No. 3 yesterday and went to Quincy on No. 23.

* * *

The work of graveling the Wabash tracks from Hannibal to Bluffs is almost completed. The graveling gang is now less than a mile from the latter city.

* * *

The local and the Murrayville section hands were at work yesterday on the C. & A. turn table, which is being removed to the stock yards.

* * *

The platform at the C. & A. passenger station was being repaired yesterday.

* * *

W. E. Crane, coal traffic manager for the C., B. & Q., with headquarters in Chicago, was in the city Friday and Saturday.

A POLICEMAN'S TESTIMONY.

J. N. Patterson, night policeman of Nashua, Ia., writes; "Last winter I had a bad cold on my lungs and tried at last a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world. Sold by J. A. Obermeyer, City Drug Store.

OLD FOLKS' HOME.

Tuesday is the annual donation day of the Old Folks' home, and all charitably inclined people are invited to contribute something for the comfort of the ladies of the home. Fruits, preserves, jellies, canned goods, vegetables, etc., will be acceptable.

Mrs. W. J. Fell, Chairman Com.

C. E. Hembrough and John Waltman, both of Lancaster, Kans., are visiting friends in Morgan county. Mr. Hembrough says land in his vicinity has risen rapidly in value since he went there—one farm recently sold for $110 an acre, and some land has brought even more than that.

ONLY MAKES A BAD MATTER WORSE.

Perhaps you have never thought of it, but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25c bottle of them. For sale by all leading druggists.

MISS BEDFORD'S LECTURES

Several Yet Remain to Be Given and Will Be Profitable.

The lectures by Miss Bedford are proving of vast imoprtance and value as will be admitted by every lady who has attended them. Five yet remain to be delivered and they will be of the same desirability as those which have been already given. Better cooking is something every housekeeper wants to know and Miss Bedford is able to tell how to do it. The days will be Tuesday and Thursday as heretofore, in Odeon hall at 9:30 a. m. and continuing two hours, and accompanied by practical demonstrations with a stove and regular cooking materials. Single admissions will be 50 cents and the remainder of the course, $1.25.

FOR OVER SIXTY YEARS

Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain; cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

At the First Baptist church to day Miss Mabel Jones will sing at the morning service a solo, "The Changeless Love of the Master," and at the evening service the song, "From Greenland's Icy Mountains," will be illustrated with stereopticon views.

Why is Hercules Flour the best on the market?

First: Because it is made from the very best selected wheat.

Second: Because with the improved machinery we have in our mill it is free from dust and dirt. We let the dust collectors eat the dust and give you purer, whiter flour than any on the market.

Third: We have testimonials that will prove to you that it will make better bread, biscuits or cakes than any flour you have ever used. Try one sack and you will be convinced.

EVERYMAN

The Famous Fifteenth Century Morality Play, Presented by

Rudolph E. Magnus

and a Company Conspicuous for Its Merit.

Dr. Furness, the most eminent Shakesperian scholar, said concerning the production of "Everyman" when it was produced in Philadelphia:

"Kindly permit me to urge with all possible emphasis every student of dramatic literature, every lover of drama, every reader of the history of the customs and manners, every student of theological history, every Protestant clergyman with his congregation, every Roman Catholic priest, with his congregation, to see the fifteenth century morality play 'Everyman.' Never again may such an opportunity be offered. Not to have seen it ought to be a lifelong regret to all thoughtful minds."

MUTES DEFEAT URBANA

Contest Saturday a Fierce One—Score Was Tie at end of First Half—Whitehall Was Easy for High School Eleven.

The Urbana high school foot ball eleven went up against the team from the School for the Deaf Saturday afternoon, on the grounds of the latter, and after a hard fought contest went down to defeat by a score of 17 to 5. The Urbana eleven lay claim to the high school championship of the state outside of Chicago, and the Mutes are more than pleased with the victory won. The game was a tie at the end of the first half, the score standing 5 to 5.

In the second half the Mutes made good use of a number of trick plays and employed the cross pass to splendid advantage. Notwithstanding the fierceness of the struggle the contest was a clean one throughout. Interest in the game drew a large crowd, who watched the contest with intense earnestness. The line-up:

Urbana—Goodenough, center; Crawford, left guard; Schmidt, left tackle; Harden, left end; Cline, right guard; Fosnough, right tackle; Bushee, right end; Clark, quarter back; Vorhies, right half back; Fisher, left half back; Sowers, full back.

Deaf and Dumb—Handrock, center; Rhodes, left guard; Ernest, left tackle; Valentine, left end; Cross, right guard; Tate, right tackle; Freeman, right end; French, quarter back; A. Johnson, right half back; Werner, left half back; Mikado, full back.

Summary: Touchdowns—Vorhies; Mikado, 2; A. Johnson, 1. Goals—Tate, 2.

HIGH SCHOOL-WHITEHALL.

The Jacksonville high school defeated Whitehall Saturday afternoon by a score of 16 to 0 in an easy game. The Whitehall men were only able to make slight gains through the line, while Jacksonville made long runs around tackle and ends. Smith and Richards were the best ground gainers for the locals. In the second half Smith made a sensational 70-yard run for a touchdown. Russell, a new man at right half, showed up well. Polite was the best all round player for the visitors. The line-up:

Whitehall—Cox, right end; Smith, right tackle; Trunnells, right guard; Adams, center; Andrews, left guard; Allen, left tackle; Giller, left end; Polite, quarter back; Hawk, right half back; Spotts, full back; Dawson, left half back.

Jacksonville—Mendonsa, left end; Funk, left tackle; Vickery, left guard; Mullenix, center; Hellenthal, right guard; Wehrle, right tackle; Bowen, right end; Wright, quarter back; Smith, left half back; Richards, full back; Russell, right half back.

Summary: Referee—R. E. Harmon, Umpire—Morris. Time of halves—Twenty and twenty-five minutes. Touchdowns—Bowen, Richards and Smith. Goals—Bowen, 1. Score—16 to 0.

"EVERYMAN."

"It was an artistic performance, from the organ prelude to the fall of the curtain upon the beautiful tableau with which the play ends. The scene where Everyman lies down upon the lap of Good Deeds, while the Angel waits in the background, sent to carry his soul to heaven, is one of the most beautiful scenes ever beheld here on the stage. One of the prime merits of the production was the absence of staginess on the part of those participating. The costumes were rich and perfect in every detail. It was an opportunity of a lifetime, and too much praise cannot be given it."—Chicago Tribune.

CLASS DINNER.

The sophomore girls of Illinois college entertained the boys of the class at dinner Saturday night in Academy hall, in honor of the sophomore foot ball team. COLLEGE VS. HIGH SCHOOL

Foot Ball Game of the Season Tuesday Afternoon on College Athletic Field.

By all odds the most interesting game of foot ball of the season will be the contest between the high school and Illinois college elevens, to be played on the college field Tuesday afternoon. Local pride should show itself on this occasion in no uncertain manner and as the proceeds of the game are to be divided between the two teams the grand stand should be packed with spectators. If you have never witnessed a gridiron contest you never will have a better opportunity to see one than on Tuesday. If you don't care for the game, show your enthusiasm for the local schools by your presence. The large grand stand on the campus is well located and the spectators can witness the contest from comfortable seats or follow the teams along the side lines.

Rooters' clubs are being formed and the event will be one of the greatest in local foot ball history.

Remember, Tuesday afternoon is the date and you will miss a great gridiron contest if you are not there. The admission will be 25 cents. No charge for seats in the grand stand.

If interested in furs go to the Illinois Millinery House.

TWO PERFORMANCES.

Two performances of "Egypta" were given at the Grand Saturday, and at both the attendance was large and the cast gave the same splendid interpretations of the various parts as on the first night. The drills were well given and the production will be remembered as one of the most successful dramatizations that has ever been attempted by local talent.

Especial credit is due Mr. Stevens, the musical director, who did the greater part of the drilling and who also took most acceptably the part of Pharaoh.

Miss Jeannette Thompson, who served so efficiently and faithfully as festival pianist, contributed a large share toward the success of the production, and in fact, the cordial support which was given the presentation from the inception by the members of the cast and the public generally was very marked.

The part of the infant child, Moses, was taken by Valentine A. Zallee on very short notice and his name should have appeared in the cast as published Saturday.

The names of Robert Glover Mason, William Bowen and Merley Harshaw should have appeared in the list of armor bearers, and the name of Miss Ethel Anderson as a member of the chorus.

The ladies of the Woman's club desire to express their thanks for the generous patronage of the public and for the valued services of the members of the cast.

AT PUBLIC LIBRARY

Meeting for Organization of Historical Society to Be Held Friday evening.

Special attention is called to the meeting to be held at the public library Friday evening at 7:30 o'clock for organization of a county historical society. It is a movement in which every citizen of Jacksonville should take an active interest. There is at present a growing tendency to organize historical societies with headquarters at the public library. It is impossible to estimate how much valuable historical material in books, pamphlets, letters or pictures is lost through lack of proper care. The public library can furnish a central and safe place for preservation of all such material and a historical society, properly organized, can be made the means of gathering together data invaluable to the history of the state. Enough importance cannot be attached to the movement to be started Friday evening and the hearty cooperation of every citizen of Jacksonville and Morgan county is most earnestly urged.

The children are reminded that the story hour will commence next Saturday morning at 10 o'clock. An interesting course in Norse legends has been planned. All children from nine to twelve years of age are cordially invited to the present.

The song recital by Miss Kreider Thursday evening was a success in every way. Miss Kreider has an excellent voice and rendered her numbers in a charming manner. Special mention should be made of her song cycles and the Schubert songs, which were delightfully sung.

WOMAN'S COLLEGE.

Miss Cole will be in Springfield over Sunday and will give a reading at the Author's club Monday evening.

The electric light machine has been subjected to a thorough test during the past week and has proved quite satisfactory. The engine and dynamo carried a load of more than double the normal rating capacity without any apparent straining.

The finest quality of granulated sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Jacksonville, Ill., Sept. 25, 1902.—Nearly three years ago, with a second attack of serious illness, I was surprised to learn that I had diabetes. Providentially I was led to procure a bottle of Dr. E. W. Hall's Specific for Kidney and Bladder Trouble known as A TEXAS WONDER. Less than half of the $1 bottle effected a complete and permanent cure. Consequently, I believe it to be a medicine of very great

MATHENY & LLOYD.

Chicago, Nov. 12.—Small receipts northwest and firm cables caused a steady opening, Dec. ⅛c higher at $1.14⅝, May ⅛c lower at $1.14⅛@1.14⅜c. The sentiment in the pit, however, was inclined to bearishness as a result of fear that the total world's movement for the week would show considerable increase. While offerings were light the demand was not sufficient to prevent a decline in prices, Dec. dropnipg to $1.14 and May to $1.13⅛. Toward the middle of the session the market became strong, especially May, which advanced to 1.14½. December rallied to about the opening figure. The factors that contributed to the firmness yesterday were the influences to day. The cash situation, however, was the most potent of them all. Minneapolis reported an advance of 4c a bushel on low grade wheat. Trading was quiet throughout the day. Patrons confined mainly to local trades. The market losed steady, Dec. off a shade and May down ¼c.

Corn—The sentiment was bullish as a result of small stocks, but the government crop report was so overwhelmingly bearish as to hold many buyers in check. Excellent weather also favored the bears. Private advies from points in Illinois indicated the new crop is ready to move in, but on the other hand Nebraska grain men report that farmers will not sell new corn. Realizing caused an easy tone late in the day. Dec. closer ¼@⅜c lower and May down ⅛@¼c.

Oats—Oats were active at times and advanced ⅜@½c, but yielded at the last and leosed ⅛c higher. A good part of the business was changing, cash houses buying Dec. and selling May at 2½c difference o%cro.¼ wasshrdluetaolhrdluehtodluarrth

Cattle—Today's receipts were mostly poor in flesh and sold slowly at low prices, despite unusually smalls receipts this week prices for native and fed western beef steers closel largely 25@35c lower than a week ago, the very best excepted. Cows and heifers were in active demand, prices averaging 10@25c higher than last week; western rangers have been in reduced supply and were active and higher and the feeder trade has been rather animated; at an average advance of 10@15c for good grades. Good to prime, $6.00@7.00; poor to medium, $3.60@5.75; stockers, $2.00@4.10; cows, $1.75@4.60.

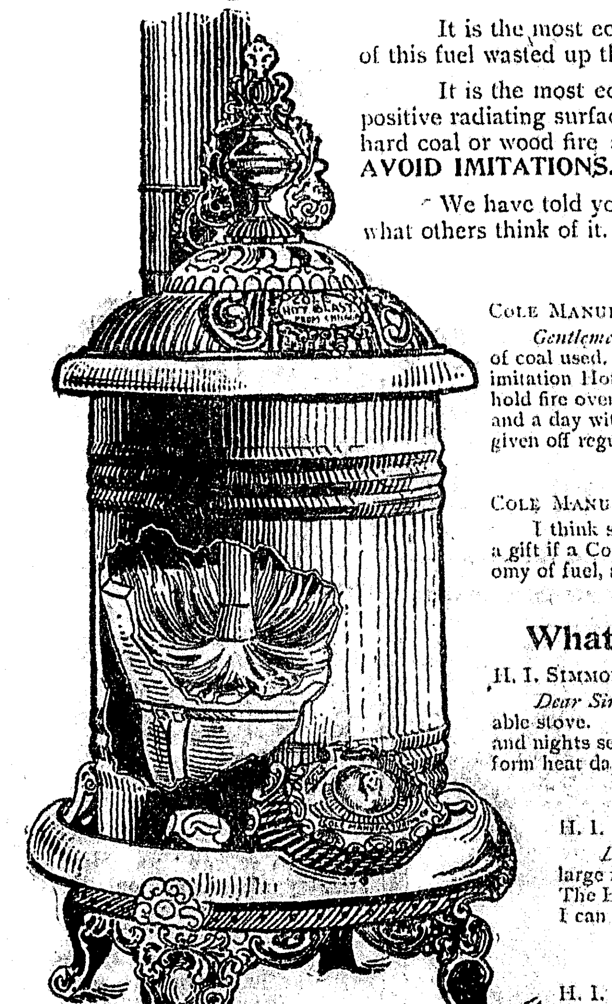
Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.



It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas **half** of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. 1st, because it has twice the positive radiating surface of any hard coal stove. 2d, because it is air-tight, thus giving perfect control over a hard coal or wood fire and insuring a slow, economical combustion. You get all the heat in your room. **AVOID IMITATIONS.**

We have told you much about Cole's Original Hot Blast. Please read the following letters telling what others think of it.

FOR SOFT COAL

AGENCY, IOWA, November 24, 1903.

COLE MANUFACTURING CO., *Chicago, Ill.*

Gentlemen,—Your stove is very satisfactory. I used a Round Oak for a number of years and noted the quantity of coal used. I find your Hot Blast will do the same service with at least one-half the coal. One year ago I used an imitation Hot Blast which was not satisfactory, as it was not air-tight and could not be made so, hence would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the drafts without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.
Very truly yours, C. F. GOLTRY.

COLE MANUFACTURING CO., *Chicago, Ill.* MONTROSE, COLO.

I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.
J. HOLMON.

What Three Ministers at Evansville Say of the Stove for Soft Coal

H. I. SIMMONS, *Agent for Cole's Hot Blast, Evansville, Ind.*

Dear Sir,—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night. Yours truly, A. L. BENNETT, *Pastor M. E. Church.*

H. I. SIMMONS, *Agent for Cole's Hot Blast, Evansville, Ind.*

Dear Sir,—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of once or twice the fire was not out the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends. Yours truly,
REV. F. RELLER, *Pastor St. Paul's Church, 12th Ave. and Michigan St.*

H. I. SIMMONS, *Agent, Cole's Hot Blast, Evansville, Ind.*

Dear Sir,—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.
Very truly yours, REV. A. D. BACHELOR, *Pastor Howell M. E. Church.*

Cole's Hot Blast for Hard Coal

MESSRS. ROSENBURG & WOLF, *Agents for Cole's Hot Blast, Beloit, Wis.* BELOIT, WIS., November 24, 1903.

Gentlemen,—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claims that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to say the stove is satisfactory is not enough. It is simply a surprise. I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. I cheerfully recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.
Yours truly, BURTON A. EDWARDS, *361 E. Grand Ave.*

HERE you will find everything from a sheet iron wood stove at $1.25 to a fifty dollar range. GOOD STOVES AND PLENTY OF THEM. Furthermore, we have a large force of experienced men who deliver all stoves in good condition and set them up correctly and in a workmanlike manner, saving you the trouble and annoyance that follow where stoves are not set up properly.

Ask any one who has used a **Quick Meal Range**

And they will tell you they are the most satisfactory cooking apparatus they have ever used. They require little fuel, bake quick and uniformly and are easily managed; in short, they are the best steel range made. Price is reasonable too.

SIGNALPHONE SYSTEM

Installation Completed—Officer Murgatroyd Promoted—James Montgomery Appointed to Police Force.

Since the installation of the Signalphone system several changes have been made in the police department in order that the system may be used to the best advantage. Among other things, there will always be a man in police headquarters—a change which will be welcomed, as heretofore it has always been necessary at night to call the night captain at a lunch room, or wherever he might happen to be at the time. Because of this fact it was always difficult to get an officer just when he was needed

Under the new arrangement, Captain Kennedy of the night force will be at headquarters all night and Richard Murgatroyd will have the square. James Montgomery has been appointed to the vacancy caused by the advance of Mr. Murgatroyd. During the day time one of the firemen will be stationed in headquarters to answer all Signalphone calls.

There are thirty-two boxes, each of which is numbered. When an alarm of fire is turned in from a box the gong in the department strikes the number of the box, repeating it four times. The number is indicated as follows: Suppose the box to be No. 27. The gong would strike twice, then pause, and then strike seven times. This would be repeated until the complete number, 27, was sounded four times. Connection has been made with the court house bell, so that the same alarm will be sounded simultaneously on the department gong, and on the bell.

There are sixteen Signalphone boxes and fourteen of the old system—the Gamewell boxes. These, with two exceptions, have been left in their original places.

The numbers and locations of the Signalphone boxes are as follows:

No. 13—North Main street and the square.
No. 15—Dunlap and North Main streets.
No. 17—Independence and Ashland avenues.
No. 18—Howe and Center streets
No. 22—West State street and the square.
No. 24—West street and Lafayette avenue.
No. 26—Caldwell street and Lafayette avenue.
No. 27—State street and Webster avenue.
No. 32—East State street and No square.
No. 33—Franklin and South Main streets.
No. 35—Morton and Hardin avenues.
No. 36—East State street and railroad.
No. 44—South Main street and the square.
No. 47—Morton avenue and Church street.
No. 48—Diamond and Anna streets
No. 49—Park street and College avenue.

The number and location of the Gamewell boxes is as follows:

No. 12—Blind institution.
No. 14—North street and Illinois avenue.
No. 16—Dunlap and East streets
No. 21—Lafayette avenue and Fayette street.
No. 23—Pine and West North streets.
No. 25—Jordan and Prairie streets.
No. 31—Clay avenue and Franklin street.
No. 34—College and Clay avenues.
No. 41—Old building at Insane.
No. 42—New building at Insane.
No. 43—Cold storage.
No. 45—Grove and Kosciusko.
No. 46—College avenue and Westminster street.
No. 61—Deaf and Dumb.
